# RSA Achievement Program

## **RSA ACHIEVEMENT PROGRAM INTRODUCTION**

RSA Roller Skating Achievement Tests, originally called the RSROA Proficiency Tests, were established in 1939 to provide incentives for skaters to increase their skating skills without the pressure of competition. These tests offer skaters attainable goals through progressive training. Winning a test award is something of which to be proud and encourages skaters to advance further in developing their roller skating skills.

American Solo Dance	Circle Figures	Quad Speed
American Team Dance	Loop Figures	In-Line Speed
International Solo Dance	Quad Freestyle	Roller Hockey
International Team Dance	In-Line Freestyle	Super Skater

There is a separate sequence of tests for each of the twelve skating categories. Each sequence includes beginner tests in which skaters can earn Bronze Lapel Pins, traditionally referred to as “medals”. These skaters may then advance to the intermediate tests, earning Silver Lapel Pins; then on to the advanced tests, earning Gold Lapel Pins. After all pins in a series have been earned, the skater may take a final test for the Gold Medal category. The final Gold Medal in each category is an Olympic style medallion engraved with the skater’s name and year in which the test was passed. The medals are finely crafted and strung on a ribbon which can be worn with pride by any skater.

## **TAKING RSA ACHIEVEMENT TESTS**

### **Who can take an Achievement Test**

RSA Roller Skating Achievement Tests may be taken by anyone without regard to their status as a recreational skater, amateur skater, professional instructor, rink operator, or official. There are no membership requirements or restrictions. Skaters need not be members of the Roller Skating Associations, the United States Amateur Roller Sports (USARS) or any other national organization, local group or club. The USARS has authorized that Achievement Tests may be skated by an amateur with another amateur or professional without violating the Rules of Amateur Status. An Achievement Test Center does not require a USARS sanction. There are no age restrictions for taking these tests.

### **Where you can take an Achievement Test**

Achievement Tests may be skated only at RSA member roller skating centers unless advance written permission is granted by the RSA President or Executive Director and the SRSTA Chair to conduct an Achievement Test at another site.

### **How to arrange to take an Achievement Test**

In most cases Achievement Tests are given during a specially organized test center. The skating center operator, teacher, coach, or judges panel chairman will establish a time for the test center. This person, called the *test center director*, will make the necessary arrangements which include scheduling of the tests, contacting and confirming all of the judges and officials, preparing the test forms and applications, collecting the appropriate fees from each skater and sending the original applications and necessary forms to the RSA National Office within 10 days of the test center. All the necessary applications and forms are available from the RSA National Office upon request or online at [www.rollerskating.com](http://www.rollerskating.com). Please note that the test center is held through the courtesy of the rink operator. Please show every consideration in arranging the test center by beginning and ending on time.

### **How to arrange to take an Achievement Test (continued)**

Skaters who have successfully completed their tests will be awarded Achievement Test pins. The pins are sent in care of the skater's home rink (the rink where they took their classes or lessons) or to the rink where the test center was conducted. Should a skater fail a test, the fees are forfeited and the full test fee must be paid again to re-skate the test. A skater who fails a test must wait at least 30 days before retaking the test except for the Gold Medal tests. A skater who fails a Gold Medal Test is not required to wait 30 days to retake that test, but the re-skate cannot be taken at the same Gold Medal test center.

### **Order of Skating Tests**

Skaters just beginning to take Achievement Tests must start with the first Bronze level in a test category and take each succeeding test in order.

Skaters who have passed tests under any previous schedule are not required to retake the equivalent tests under the current schedule before taking the next higher test. However, skaters may choose to retake the current tests at their option.

Skaters will not be required to re-skate a test already passed as a requirement to take a higher test.

### **Achievement Test Fee Requirements**

As of September 1, 1989, the RSA has established a schedule of wholesale/retail test fees. See the *Test Fee* section on pages 72-74. The wholesale portion of the test fees must be returned to the RSA National Office along with the test center report. The RSA rink operator's portion of each test fee may be retained by the rink operator (so long as they are active members of the RSA) to offset any expenses associated with the running of the test center. Rink operators must surcharge a \$1.00 assessment fee per test and/or admission to the test center in addition to the wholesale/retail pricing established by the RSA. Effective January 1, 1999, current RSA Member SRSTA Coaches must charge an additional fee of \$1.00 per test. The dollar is to be paid to the SRSTA coach who administers the test. Rink operators/coaches not wishing to retain their portion of each test fee may donate their portion to their club travel fund or the National Museum of Roller Skating. For allowable additional fees for Gold Medal Test Centers see the *Gold Medal Centers* section on page 66.

All test fees and paper work collected and/or due to the RSA must be remitted to the RSA National Office within 10 days from the conclusion of the test center. Failure to do so may jeopardize future participation in the Achievement Test Program.

### **Achievement Test Awards**

Under no circumstances may any skater who has not properly passed a test display that test award pin or medal.

The RSA National Office cannot research or verify individual tests. Duplicates of lost test awards can only be replaced if the skater can provide the proper test form and pay the current test fees. When a medal is lost and no form is available to prove the medal was earned, a letter of certification from the coach at that time may be used to verify the passing of the test.

In the event of a catastrophe, (i.e. fire, burglary, natural disaster) test medals may be replaced if the skater can provide the proper test receipt for the highest test passed, verification through RSA records or the coach involved. The cost would be the price of the medal(s) to the office plus shipping/handling and a 25% fee. This can be charged to an insurance claim or handled by the claimant.

## Achievement Test Centers

## **ACHIEVEMENT TEST CENTERS**

### **Duties and Responsibilities of a Test Center Director**

The test center director is the chief official responsible for running the test center.

The test center director will ensure that a current copy of the RSA Achievement Book and a rule book applicable to the test is available.

The test center director will ensure that the judges are properly commissioned and that officials are properly stationed and comply with the rules pertaining to judges' duties and responsibilities.

The test center director has the authority to remove or replace any judge for cause.

The test center director may be asked by the referee to resolve any questions or disputes that may arise during or in connection with the test.

The test center director will submit a written report to the RSA National Office for any act of misconduct by a skater or official.

The test center director will ensure that all test and reporting forms are properly completed, signed and submitted with the appropriate fees to the RSA National Office within 10 days of the test center. File copies of the test forms, judges score sheets and other correspondence should be kept by the host rink for a period of three years and then may be destroyed.

### **Duties and Responsibilities of a Test Center Referee**

The referee is responsible for checking the skating surface to be sure it is in proper and safe condition and is properly marked for the test to be skated.

The referee will organize the other officials (judges, timers, starters, etc.) for the test and distribute the judges scoring forms.

The referee will ensure there is no interference with the test skater while he or she is skating the test.

The referee will decide any questions or disputes that may arise during or in connection with the test. The referee may call the judges together to assist or concur in a ruling if the referee deems such action necessary. The referee may ask the test center director to make the final decision.

The referee will submit a written report to the RSA National Office for any act of misconduct by a skater or official.

The referee will ensure that each skater is announced or identified to the judges before skating begins.

The referee will ensure that, if required, the music is clearly audible and of the proper tempo.

The referee will instruct the judges not to discuss a skater's faults or merits until all the skaters' grades have been recorded.

The referee will ensure that the judges sign the test application and write their scores (circling those that are failing totals). The referee will then complete the application by marking it as being passed or failed and signing it in the proper position prior to giving the forms to the Test Center Director. In large test centers, the referee may delegate this responsibility to a test center tabulator. However, the referee is responsible for the accuracy of all the work done by the tabulator.

For dance tests, the referee will control the order of dances skated as printed in the RSA Achievement Book.

For dance tests, the referee is responsible to time or count the repetitions as listed within the dance requirements for the tests.

### **Duties and Responsibilities of a Test Center Referee (continued)**

For freestyle tests, the referee will check that the skater has submitted the correct number of copies for his or her proposed routine, determine that there are items of content in accordance with the test to be taken and distribute them to the judges.

For freestyle tests, the referee will ensure that the skater's routine is timed. If the skater goes over the maximum time indicated, that fact and the actual time would be furnished to the judges.

For figure tests, the referee will instruct the skaters to skate the figures in the order they are listed in the RSA Achievement Book.

For figure tests, the referee will instruct each skater as to the figure number, starting edge, and turns only of the figure to be skated. The referee will also verbally direct the skater to begin skating (no whistle or other starting device may be used). The referee may give directions or explanations necessary for the skater to start the figure on the proper foot and edge to skate the figure.

If the skater starts incorrectly, the referee must stop the skater and have the skater start correctly without penalty to the skater's score.

Once the skater starts on the proper foot, into the proper edge, and into the proper circle the referee shall have no further responsibility regarding incorrect turns.

Provided the skater starts on the proper foot and edge, the skater has the option to skate in either direction.

A skater who slips or falls on the initial strike-off may elect to restart one time, without penalty, provided the skater's decision to restart is made during the first one-third of the first circle of the figure.

For figure tests, the referee will stop the skater when the skater has completed two repetitions of the figure. If a skater stops a figure before it is completed, or falls during the skating of a figure, the referee will direct the skater to continue from a point before the skater stopped or fell. If a skater starts correctly but executes an improper turn, or fails to execute a correct figure after a correct start, the referee will not stop the skater but will allow the skater to continue without comment or instruction.

See the Speed Test Requirements section for additional speed specific duties.

### **Duties and Responsibilities of a Test Center Judge**

RSA test judges must be thoroughly knowledgeable of the tests they will be judging and conduct themselves professionally at all times. Judges will evaluate each test candidate objectively based upon the requirements of each test.

RSA test judges may advise the skater of his or her performance only after the test is completed and marked. It is suggested that this be done only if the skater's professional or coach requests it. No test official may discuss or release the scores or grades to anyone. Test officials will not discuss or release the comparative standings or test scores of a skater. Achievement Tests are neither competitive nor comparative.

## **Selecting Judges for Achievement Tests**

Only RSA test judges holding the required commissions in the test being judged may officiate a test except as indicated in the Super Skater Award.

Any person who acts as the test center referee must be an RSA test judge holding the required commissions in the test being judged.

No RSA test judge may officiate at a test of any person who is his or her relative, skating partner, or has been a skating partner at any time during the past three years. A skating partner includes partners for competition or where both persons are being judged in team dance Achievement Tests.

An RSA test judge who currently or has in the past three years taken instruction (classes or private lessons) at a skating center may not judge instructors (professional teachers or coaches) who taught at that skating center while the judge took instruction there. Any waiver of this rule must be obtained from the RSA national office prior to the test.

No skating instructor (professional teacher or coach) may officiate at a test of a pupil or former pupil, except as described in paragraph #6 below. Any waiver of this rule must be obtained from the RSA national office prior to the test.

All Bronze level tests in all disciplines require only one RSA test judge to officiate. Rinks have the option of using three judges for these tests if they desire. Where other RSA test judges are not available, another SRSTA, SCA or RHCA instructor at that facility may judge these tests if he or she holds the required commissions for the tests to be judged.

If properly qualified judges are not available at your facility, contact rinks with a judges panel in your area. If you need assistance in locating qualified judges, you can refer to the RSA directory on the website or contact the RSA National Office. Confirming the judges should be done well in advance to ensure sufficient judges will be at the test center. Remember that RSA test judges are volunteers. Your request should allow sufficient time for the judges to make arrangements to attend your test center. These arrangements are a decision between the judges and the test center director.

## **Achievement Test Forms**

Each Achievement Test skater must have the following forms submitted per test skated:

- ◇ Artistic or Speed Achievement Test Form - completely filled out with the correct signatures.

The Test Director must also include the following items when submitting their Test Center paperwork.

- ◇ Achievement Test Summary
- ◇ Test Fees
- ◇ Judges Roster

## Achievement

### Test Judges

## **RSA TEST JUDGES**

### **General Eligibility Requirements for RSA Test Judge Commissions**

Candidates for RSA Achievement test judges commissions must be at least 15 years of age to hold a No.1 commission. Candidates for No.2, No.3, or No.4 commissions must be at least 16 years of age.

All RSA test judge commissions are renewed annually on or before June 1st through the RSA National Office.

All RSA test judges must perform their activities through a judges panel registered with the RSA National Office.

Candidates for judges commissions who are not physically capable of skating the Achievement Test prerequisites should request a waiver of this requirement through the RSA National Office.

Candidates for a test commission who are 21 years of age or older may be automatically waived from the Achievement Test requirement provided the candidates holds at least a number one commission in an artistic category.

**RSA test judges who have not held an RSA test judges commission for three years are considered out of date with current judging procedures.** Judges who have failed to re-new their commissions must contact the RSA National Office and request a form to be reinstated. All of the information requested on the form must be completed by the person requesting to have commissions restored and return it to the RSA National Office. The form will be given to the Achievement Test Committee to determine what action will be taken. Applicants may be required to pay a fee and take a written exam.

### **RSA Judge Panels**

RSA Achievement Test Judges are organized at the rink level into judging panels. The judges panel is the focus of recruiting and training RSA test judges for the rink. Judges panels may only be established at RSA member rinks except by written approval of the RSA Board of Directors.

To start a judges panel, contact the RSA National Office. The national office will assign the panel a panel number. All the training material, including quizzes, and general information may be found on the RSA web site. Everything you need except the final examinations are included. Most judges panels hold informal meetings once or twice a month. At one of the early meetings, the panel should elect a panel chairman and secretary. Usually the rink operator or instructor will act as panel advisor. Panels should establish a course of study for the judges and trainees. The panel chairman or advisor should discuss the answers of the quizzes with the panel members. By this process the panel advisor and chairman will learn which panel members are prepared for their judges tests.

### **Application for RSA Judge Commission Exams**

Applications for judges commissions may be obtained from the RSA website or by contacting the RSA National Office.

The candidate will complete the application and submit it to their panel advisor, chairman, or secretary along with the \$10 application fee per test.

The panel chairman or advisor will verify the contents of the application and certify the candidate has completed the prescribed course of study for the commission and is in good standing.

The panel officer will send the application to the RSA National Office so the proper examination can be issued.

### **Application for RSA Judge Commission Exams (continued)**

The applicant will have 30 days from the issue date of the test to return the completed exam to the RSA National Office.

All Exams must be administered by two Panel Advisors holding the same or higher commission unless written approval is obtained by the RSA for an exception. No. 1 Commission exams may be administered by one Panel Advisor holding the same or higher commission if two advisors are unavailable.

Test will be graded and the applicant will receive their score and any feedback from the grader.

If passing grade is achieved and the applicant is in good standing with the RSA, they will receive an updated RSA Commission Credentials card. If the applicant is not in good standing, a letter will be sent requesting the applicant submit their yearly registration fee to bring their commissions current.

As of January 1996, a candidate may apply for more than one commission at a time. The candidate cannot apply for more than one commission in the same discipline (ex. No. 1, No. 2, and No. 3 American Team & Solo Dance test at one given time).

As of May 2015, all No.1 Commission Test can be taken as OPEN book exams with the passing grade increasing to 80%. All No.2, No.3 and No.4 commission tests are to be taken as CLOSED book exams.

# RSA JUDGE COMMISSION REQUIREMENTS

## ARTISTIC SKATING COMMISSIONS

There are four disciplines for artistic skating commissions:

***American Dance, International Dance, Figures and Freestyle.***

Within each discipline, there are four levels of commissions (identified as No.1, No.2, No.3 and No.4).

An American Dance Commission authorizes a judge to officiate American Solo Dance or American Team Dance tests.

An International Dance Commission authorizes a judge to officiate International Solo Dance or International Team Dance tests.

A Figures Commission authorizes a judge to officiate Circle Figure or Loop Figure tests.

A Freestyle Commission authorizes a judge to officiate Quad or Inline Freestyle tests.

All candidates must complete the official course of study for that category and level of artistic skating.

Once study courses have been completed, an application for the Final Commission Exam must be submitted. See section *Application for RSA Judge Commission Exams page 16*.

If the candidate fails the final exam, they must wait 60 days before reapplying.

Candidates who are not physically capable of skating the Achievement Test prerequisites should request a waiver of this requirement.

Candidates for a test commission who are 21 years of age or older may be waived from the Achievement Test Prerequisite provided the candidate holds at least a number one (1) commission in another category.

Waiver requests should be submitted to the RSA National Office.

### **No.1 Commissions Requirements (American Dance, Int'l Dance, Figures, Freestyle)**

- Candidates must be a minimum of 15 years of age.
- Must pass the Final Commission Exam, OPEN Book with panel supervisors.
- Candidates must have skated and passed the following tests for the discipline they are looking to hold a commission in.

Required Tests Passed	Required Level	Required Tests Passed	Required Level
American Dance (solo or team)	3	Figures (Circle only)	2
International Dance (solo or team)	3	Freestyle	2

No. 1 Commission May Judge Tests:	Levels	No. 1 Commission May Judge Tests:	Level
American Dance (solo or team)	1 - 5	Circle Figures	1 - 5
International Dance (solo or team)	1 - 6	Loop Figures	1 - 2
		Freestyle	1 - 4

## ARTISTIC SKATING COMMISSIONS (continued)

### No.2 Commissions Requirements (American Dance, Int'l Dance, Figures, Freestyle)

- Candidates must be a minimum of 16 years of age.
- Must pass the Final Commission Exam, CLOSED Book with panel supervisors.
- Candidates must have skated and passed the following tests for the discipline they are looking to hold a commission in.

Required Tests Passed	Required Level	Required Tests Passed	Required Level
American Dance (solo or team)	9	Figures (Circle / Loop)	6 / 1
International Dance (solo or team)	7	Freestyle	5

American Dance (solo or team)	1 - 14	Circle Figures	1 - 11
International Dance (solo or team)	1 - 11	Loop Figures	1 - 7
		Freestyle	1 - 9

### No.4 Commissions Requirements (American Dance, Int'l Dance, Figures, Freestyle)

- Qualify on the basis of demonstrated performance at the No. 3 level, studying the required material for the commission and the recommendation of their Panel Advisor/Panel Chairman.
- Must pass the Final Commission Exam, CLOSED Book with panel supervisors.

No. 4 Commission May Judge Tests:	Levels	No. 4 Commission May Judge Tests:	Level
American Dance (solo or team)	1 - 15	Circle Figures	1 - 12
International Dance (solo or team)	1 - 12	Loop Figures	1 - 8
		Freestyle	1 - 10

## SPEED SKATING COMMISSIONS

There are two levels of speed commissions (identified as No.1 and No.2).

### No.1 Speed Commission Requirements (Quad Speed and Inline Speed)

- Candidates must be a minimum of 15 years of age.
- Candidates must have skated and passed Speed Test #2.

No. 1 Commission May Judge Tests:	Levels
Quad Speed	1 - 4
Inline Speed	1 - 4

### No.2 Speed Commission Requirements (Quad Speed and Inline Speed)

- Candidates must be a minimum of 16 years of age.
- Candidates must have skated and passed Speed Test #2.

No. 2 Commission May Judge Tests:	Levels
Quad Speed	1 - 8
Inline Speed	1 - 8

Candidates who are not physically capable of skating the Achievement Test prerequisites should request a waiver of this requirement from the RSA National Office.

## ROLLER HOCKEY COMMISSIONS

USARS competitive judges with roller hockey commissions will be used for the RSA Achievement Roller Hockey Program.

Test Levels	Commission Required	# of Judges
1 - 3	USARS 1 Hockey	One or Three
4 - 5	USARS 2 Hockey	Three
6 - 7	USARS 3B Hockey	Three
8 (Gold)	USARS 3A	Three

Section 4  
Artistic  
Achievement Tests

## ARTISTIC ACHIEVEMENT TEST REQUIREMENTS

### How Artistic Tests are Skated and Judged

Judges shall score each skater on a separate marking sheet, however, more than one couple or solo dance skaters may be judged at the same time by any one panel if so desired. Tests for these skaters must be completed before any other tests are skated. All tests must be scored using the Integer system listed above (0 through 100).

If a Bronze level test is being judged by only one qualified judge, a skater must obtain at least the minimum grade for each dance and the minimum total passing grade from the judge to pass the test. (See individual test requirements for tests that may be judged by one judge.)

For a tests being judged by three qualified judges, a skater must obtain at least the minimum grade for each dance from at least two of the three judges and obtain the minimum total passing score, computed as the sum of that judge's scores, from at least two of the three judges.

If a skater receives a below minimum score on any portion of the test from any judge, the judge (s) must report this to the referee. If a judge scores a skater below the minimum that judge must fail the skater.

For the Gold Medal dance test being judged by five qualified judges, a skater must obtain at least the minimum grade for each dance from at least four of the five judges and obtain the minimum total passing score of all the dances from at least four of the five judges to pass the test. Starting January 1, 1996, all Team Dance tests must be skated with a partner.

Dances and Figures must be skated in the order printed in the RSA Achievement Book.

For dance tests, the referee is responsible to time or count repetitions as listed with the Dance Requirements for the test. In no case shall judging of a test exceed three minutes.

All required skate dance positions must be adhered to. However, if needed, only the Bronze level tests may be skated in Cross Arm Position "H".

All tests must be completed within a 24 hour period.

When evaluating achievement tests, judges should remember they are evaluating minimum standards as opposed to elite performance standards. Judges must be aware of the meaning of all scores in the Integer system.

### ARTISTIC TEST INTEGER SYSTEM

Score	Meaning	Score	Meaning
0	Not Skated	60 - 69	Fair
1 - 19	Incomplete	70 - 79	Good
20 - 29	Badly Skated	80 - 89	Very Good
30 - 39	Poor	90 - 99	Excellent
40 - 49	Minimum	100	Perfect
50 - 59	Average		

## **ARTISTIC DANCE TEST REQUIREMENTS**

### **Team Dance – American and International**

All dance tests must be skated by a couple: a man and a woman. Effective January 1, 1996, if one or more of the judges request, a skater may be required to repeat any part of the test with another partner. The choice of a partner is to be made by the skater alone. If desired, a professional may be hired for the express purpose of acting as a partner during the test. However, during a test where only one skater is being judged the skating of the partner will have no bearing on the grade. The partner, although not being judged, must conform to his or her required strokes of the dance. When the partner fails to comply, the partner may be substituted or the test may be cancelled by the referee. If the test is cancelled, the test fee will be returned to the skater and the 30-day waiting period is waived.

### **Solo Dance – American and International**

Each skater will skate their own steps (female skater skates the female steps of each dance and the male skates the male steps of each dance). A skater has the option to skate the steps of the dance as specified for USARS Domestic and CIPA competition.

### **Solo and Team Dance Levels - American and International**

The Bronze level tests are the first in a progressive series of Solo Dance Achievement Tests for roller skating. Skaters must start with the first Bronze level test to be eligible for the next highest test. A skater must have passed all previous tests in the series.

The Silver level tests represent the second major step forward in the development of team or solo roller skate dancing techniques. This series will introduce the test candidate to turn dances and border pattern dances. To be eligible for the Silver dance test series, a skater must have passed all previous Bronze tests in this series.

The Gold level tests represent the ultimate accomplishment in team or solo roller skate dancing techniques. To be eligible for the Gold Dance Test Series, a skater must have passed all previous Bronze and Silver tests in the series.

### **Recognized Standards for Judging Dances**

Upright carriage not bent at the hips but without being stiff.

Head held upright.

Raise and lower body by bending the knee of the tracing leg.

The free foot should be held slightly from the floor with the toe pointed downward and outward. The foot is generally held slightly bent. The free leg should always swing freely and assist the general skating movement.

Avoid all violent, angular or stiff movements.

Pay careful attention to the time and rhythm of the music.

All edges and turns should be smooth and clean.

All strokes should be accurately skated. Neatness of footwork is essential.

Keep your eyes forward, body straight and do not watch the floor.

Do not sit on the skate.

Take-offs should be close.

Achievement Tests are not experimental forms for the introduction and exploitation of new routines and movements.

## ARTISTIC DANCE TEST REQUIREMENTS (continued)

### ALL AMERICAN DANCE TESTS

Each skater will skate their own part (female skater skates the female steps of each dance and the male skates the male steps of each dance).

A skater has the option for solo dance tests to skate the part of the dance as specified for USARS Domestic and CIPA competition.

All American Solo candidates and American Team Dance candidates, where only one member of the team is testing, shall skate a maximum of two minutes thirty seconds (2:30).

American Team Dance candidates; when both candidates in the same team are testing, a maximum of three minutes (3:00) will be used.

When more than one skater or team is being judged on the floor at the same time, three minutes (3:00) will be used.

The referee is responsible for planning the warm up of several dances at a time with the candidate, timing the skating period, and allowing sufficient rest periods.

### GOLD MEDAL AMERICAN DANCE TESTS

All American **Gold Medal** Dance candidates shall skate a maximum of two minutes and thirty seconds (2:30). For team test, only one partner may be judged at a time by a panel of judges. Each test should be completed before starting the next test.

The referee is responsible for planning the warm up of several dances at a time with the candidate, timing the skating period, and allowing sufficient rest periods.

**Please review the Gold Medal Test Section on page 66 for further Gold Medal Test procedures prior to scheduling a Gold Medal Test Center.**

## ALL INTERNATIONAL DANCE TESTS

The International Solo & Team Test Dances should be skated International Style. CIPA & CEPA Dance Diagrams & Patterns may be found in the USARS Dance Book. (revised/reprinted Aug 2015).

Each skater will skate their own part (female skater skates the female steps of each dance and the male skater skates the male steps of each dance).

A skater has the option for solo dance tests to skate the part of the dance as specified for USARS Domestic and CIPA competition.

All International Solo and International Team Dance candidates, where only one member of the team is testing, shall skate two repetitions of full circuit dances and four repetitions of half circuit dances. When both candidates in a team dance are testing, they shall skate 3 repetitions of full circuit dances and six repetitions of half circuit dances.

The referee is responsible for counting the repetitions and allowing sufficient rest periods.

## GOLD MEDAL INTERNATIONAL DANCE TESTS

For International Gold tests #11 and #12, all candidates will skate individually warming up a dance then skating the dance. Two repetitions of a full circuit dance will be skated and four repetitions of a half circuit dance will be skated.

At least one minute rest should be given after skating a dance and warming up the next dance and a minute before judging.

For team tests, only one partner may be judged at a time by a panel of judges. Each test must be completed prior to starting the next test.

The Gold Medal Test Director and/or Referee may extend the rest periods if required for health reasons.

**Please review the Gold Medal Test Section on page 66 for further Gold Medal Test procedures prior to scheduling a Gold Medal Test Center.**

## CIRCLE AND LOOP FIGURE REQUIREMENTS

Tests will be scored using the Integer system. (see page 22)

Circle Figure tests are skated on six meter, (or 19 feet, 8-1/4 inches) circles drawn on the skating surface. The host operator will insure that the circles are properly laid down prior to the tests.

All figures required for a test must be skated within a 24-hour period.

All figures must be skated in the order they are listed in the RSA Achievement Book.

For figure tests, the referee will instruct each skater as to the figure number, starting edge and turns only of the figure to be skated. The referee will also verbally direct the skater to begin skating (no whistle or other starting device may be used). The referee may give directions or explanations necessary for the skater to start the figure on the proper foot and edge to skate the figure.

If the skater starts incorrectly, the referee must stop the skater and have the skater start correctly without penalty to the skaters score.

*Once the skater starts the on the proper foot, into the proper edge, and into the proper circle the referee shall have no further responsibility regarding incorrect turns. Provided the skater starts on the proper foot and edge, the skater has the option to skate in either direction.*

A skater who slips or falls on the initial strike-off may elect to restart one time without penalty, provided the skater's decision to restart is made during the first one-third of the first circle of the figure.

The skater will execute 2 complete repetitions of each figure or loop. If a skater does not stop after 2 repetitions are complete, the referee will then stop the skater. If a skater stops a figure before it is completed, or falls during the skating of a figure, the referee will direct the skater to continue from a point before the skater stopped or fell. If a skater starts correctly but executes an improper turn, or fails to execute a correct figure after a correct start, the referee will not stop the skater but will allow the skater to continue without comment or instruction.

6 - 7	RSA Figures No.3	Three
8 (Gold)	RSA Figures No.4	Five (two out of section)

## Figures Judge Commission Requirements (continued)

If a Bronze level test is being judged by one qualified judge, a skater must obtain at least the minimum grade for each figure and the minimum total passing grade from the judge to pass the test.

For a figure test being judged by three qualified judges, a skater must obtain at least the minimum grade for each figure from at least two of the three judges and obtain the minimum total passing score, computed as the sum of that judge's scores from all the figures, from at least two of the three judges to pass the test. When a judge gives a score below the minimum grade that judge must fail the skater.

If a skater receives a below minimum score on a figure from any judge, the judge(s) must report this to the referee before the next figure is skated. The referee may stop the test or let the skater complete the test. This decision will be at the discretion of the referee and/or test center director.

For the Gold Medal Figure test being judged by five qualified judges, a skater must obtain at least the minimum grade for each figure from at least four of the five judges and obtain the minimum total passing score of all the figures from at least four of the five judges to pass the test.

The use of a rolling start is no longer permitted.

## Drawing Figures on the Rink Floor

In marking the figures on the rink floor, it is imperative to place the centers of all the circles in an exact line along the long axis. Use a chalk line to mark the long axis on the floor as seen in Figure 1.

Figure1

The above figure is called a serpentine. It is the standard figure used in roller figure skating. Circles should be joined so that the widths of the painted lines are superimposed to form one width at the intersection of the two circles. Lines drawn through the exact center of the widths should just touch at the point where the circles meet the long axis as seen in Figure 2.

Figure2

RSA Achievement Tests and USARS competitions in Figure Circles may be skated on 5 or 6 meter circles. Loop figures must be skated on 2.4 meter loops. Figures should be arranged on the skating floor so that they do not overlap. All figures should be marked in a contrasting color from the floor so that the figures can be easily seen by the skater and judges. The lines for figures should not be less than  $\frac{1}{2}$  inch nor more than  $\frac{3}{4}$  inch in width.

## Drawing Figures on the Rink Floor (continued)

Metric to Feet Conversions

Loops	2.4 Meters	7 feet 10.5 inches
Circles	6 Meters	19 feet 8.25 inches

To mark the figures on a skating floor, use a wide felt tip marker or long bristle paint brush. If not using a marker, liquid black spirit shoe dye can be used rather than paint. If the figures are laid down on the floor before applying clear floor finish, the figures will not have to be re-done till the floor is resurfaced.

As a compass for laying figure circles, we suggest the use of a 1 x 2 inch board, at least 10 feet long. Nail a short piece of board to the end of the long board. To the bottom edge of the short board, glue or nail a length of ½ inch wide felt weather stripping. Next, measuring from the center of the short board, drill three holes in the long board at a distance of 2.4 meters for loops, 5 meters and 6 meters for the circles. These holes will form the radii of the circles to be inscribed on the skating surface.

Figure3

To use this compass, first begin by snapping a chalk line long enough to accommodate the common diameters for three circles of the size desired. Drive a finishing nail along the chalk line to form the center of the first circle to be inscribed. Slip the appropriate hole that has been previously drilled in the compass over the nail. Dip the felt pad at the end of your compass in a shallow dish or pan containing your marketing fluid or paint. Blot and then lower onto the skating surface and continue moving the stick until the felt needs to be recharged. It is important that the pad be lightly blotted and kept in constant motion while in contact with the skating surface to avoid over saturation and blotchy lines.

### Instructions for making Loop Circles on the Skate Floor

Loops should be laid out with three loop circles in a row, all having their centers along a long axis, tangent (touching at the intersection with the long axis) and oriented as shown below with the loop of the two end circles facing out.

Figure 4

**Instructions for making Loop Circles on the Skate Floor (continued)**

In the drawing (Figure 5), broken D-A-B is an arc of the circumference of the loop circle and is necessary in the layout before the painted tracing line is made. When the painted tracing is made, the arc is not painted on the two end circles; however, this arc is painted in on the center loop circle.

Figure 5

Figure 6

Loop Dimensions	Inches	Centimeters
D: Diameter of Loop Circle	94.5	240
SI: Set-in of Loop (1/8 D)	11.8	30
LL: Length of Loop (1/4 D)	23.6	60
A: Length of Loop plus Set-in	35.4	90
W: Width of Loop (1/6 D)	15.75	40

Note: These dimensions are based upon a single line and not upon the width of a skate.

### **Instructions for making Loop Circles on the Skate Floor (continued)**

If you are going to draw a loop without a pattern, use the following instructions. Unless you are experience in painting loop figures, it is best to lay out the complete drawing in pencil first.

Make a reference axis line (A-X) long enough for three  $94 \frac{1}{2}$  inch circles in tangent sequence. A chalk line can be used because this axis line will not be painted.

You will need a device long enough for a  $47 \frac{1}{2}$  compass setting to outline the three loop circles in sequence. A pair of “trammel points” on a  $1 \times \frac{3}{4}$  inch piece of wood, approximately 50 inches long, makes a suitable beam compass. Locate the center, C, on the axis line and use C as a compass center for the radius of the loop circle.

Use illustration diagrams to scribe the arcs of the loop and its set-in. Note that point L takes the set-in arc from the circle circumference to a point where it merges with the arc inscribed by point F. Point F will then bring the loop arc from the termination of point L to point H ( $19 \frac{11}{16}$  inches from a line at right angles to the center of the circle). Point K then inscribes the bottom of the loop from H to G. The spiral out is reverse of the foregoing using points E and M. Again it is suggested that a loop be rendered on a Masonite or plywood pattern to facilitate transferring to the skating surface.

## FREESTYLE REQUIREMENTS

Each candidate for a singles test must furnish the referee four copies of the jumps, spins, and footwork sequences that the skater will attempt in his or her program, in the order in which they will be skated (six copies are necessary for the number 10 Gold Medal freestyle test (one for the five judges and one for the referee). The list may be submitted on the official judges scoring form or a 5 ½" x 8 ½" sheet of paper. The items must be numbered in their proper order, so that the judges may easily follow the progress of the program. The referee will check the list to see it has the proper requirements listed for the test to be taken. It is the responsibility of the skater/coach to see all items are listed in the correct skating order. If the skater performs an item out of order the judge will take a deduction, but it does not constitute an automatic failure of the test. Omitting an item will constitute an automatic failure of that test.

All spins must be rotated in each required position or edge at least three revolutions. Footwork may include jumps of half turns or less, provided they are performed without excessive lift.

Footwork minimum as listed in the test structure shall mean that the skater must do at least the listed footwork, but may do more advanced footwork without penalty somewhere else in the program.

The skater may not attempt additional content other than the necessary footwork needed to connect the jumps and spins together into a program. Additional jumps (other than those allowable under the conditions of footwork) and spins, either as an individual item or as a "set-up item" for one of the test requirements, will constitute failure of the test. A waltz jump may be used as a set-up for a double loop. The skater may use as much footwork as he or she deems necessary to perform the program.

The judge will use the content list to follow the progress of the program and also to ascertain whether the skater has skated the test requirements in their proper order. The list will also be used to check whether the skater has added any additional content items (spins or jumps) that may cause the skater to fail the test.

The judge will then assign two grades for the test based on the skater's content of program and manner of performance using the Integer scoring system in Table 1. The judges' grades are then compared to the passing grades for that test to determine if the skater has passed or failed according to that individual judge.

### Judge Commission Requirements - Freestyle

Freestyle (quad and inline)		
Test Levels	Commission Required	# of Judges
1 - 4	RSA Freestyle No.1	One or Three
5 - 7	RSA Freestyle No.2	Three
8 - 9	RSA Freestyle No.3	Three
10 (Gold)	RSA Freestyle No.4	Five (two out of section)

Judges are not allowed to review any part of a freestyle test. The freestyle test requirements have the necessary flexibility whereby the skater may have missed items and yet receive a passing mark or higher. It is at the discretion of the individual judge to evaluate the number of missed items and the degree of error in those items and to determine the effect of these flaws on the overall performance.

Each freestyle test has a maximum time to complete all the requirements of the test. The referee will have each test timed. The clock will be started when the skater moves from a stationary position after the announcement "skate" even if the movement is to another stationary or posed position. The clock will be stopped when the skater completes the routine. When the music starts or stops will have no bearing on timing the routine.

### Judges Notations:

All 1/2 or 1 1/2 jumps may be landed flat foot or toe push.

Footwork should reflect the USARS definition of using arms, carriage, free legs etc.

Footwork may include other moves in addition to the required turns per USARS.

Class "A" spins and footwork patterns are per CIPA guidelines.

Gold Medal test candidates who choose to use the hardest items, will be judged on the same standard of clean that all candidates are held to.

If a skater performs an item out of order, the judge will take a deduction but it does not constitute an automatic failure of the test. Omitting an item will require an automatic failure of the test. (Per RSA Achievement Test Booklet).

It is the coaches choice to utilize the 1/2 jump listed or use a full rotation jump in these tests. Whichever skill is chosen will be judged for control and cleanliness without prejudice.

**Please review the Gold Medal Test Section on page 66 for further Gold Medal Test procedures prior to scheduling a Gold Medal Test Center.**

Revised 6-2016

Effective 11-2016

Section 5  
Speed  
Achievement Tests

## **SPEED TEST REQUIREMENTS**

All tests must be taken upon 100, 90, 80, 66.6 meter tracks that have been laid out in accordance with the dimensions contained in the RSA Achievement Test booklet.

All distances in these tests are run counter-clockwise around the track. A gun or whistle will be used to start and a whistle or flag will be used to indicate completion of the distance. A running start prior to the finish line, as used in competition, shall be used to begin timing the skater(s).

A skater must complete skating of all required distances within one hour to qualify as passing.

The speed test minimum times are categorized according to the age and/or sex of the skater. The age category will be determined by the age of the skater at the time the test is taken. Age can be verified by birth certificate, parent validation or driver's license. If a person is unwilling or unable to verify their age, he or she must be tested as a Class Five skater.

All speed test candidates must wear approved cycling or roller derby helmets during testing as a safety measure. There is no requirement as to roller skate used as times specify quad or in-line.

Up to 4 skaters may be tested on the track at one time for speed tests #1- #4. A starting line may be placed on opposite sides of the track and no more than two skaters will begin the distance from any one starting line.

To run a speed test the officials required are a referee, a starter and the necessary timers. In all cases, the **referee** must have an RSA speed commission. For speed tests #7 and #8, **all the officials** must have RSA speed commissions.

Gold Medal speed tests will be governed by the rules and procedures already outlined in the Gold Medal portion of this handbook.

## SPEED TEST REQUIREMENTS (continued)

### Speed Timer Requirements

Test Levels	Timer Commission Requirements	# of Timers per two Skaters
1 - 4	None	One
5 - 6	None	Two
7 - 8	RSA Speed Commission No.1 or No.2	Three

If three timers are used to measure a skater, a majority of those timers must record passing times for the skater to pass the requirements of that distance.

Timers must use stop watches calibrated to 1/10 of a second. Chronograph watches are not acceptable as official time pieces for speed test.

### Judge Commission Requirements - Speed Referee

Speed (Quad and Inline)		
Test Levels	Commission Required	# of Referees
1-4	RSA Speed No.1	One or Three
5 - 8	RSA Speed No.2	Three

### Duties and Responsibilities of a Speed Test Timer

Each timer will record elapsed time on the test sheet provided by the RSA.

Timers can be seated in the center of the floor or may stand as close as is practical to the finish/timing line.

Timers will stop their watches at the end of the test when the skater's employed foot crosses the finish/timing line with the front wheel on the ground.

In the event a stop watch malfunctions, the timer will inform the referee and the skater will be directed to reskate the test. Also, if the distance is at length, it will be at the discretion of the referee to let the skater choose to reskate provided the skater finishes the test in the one hour time limit.

Should two of the three stop watches show the same time and the third watch disagrees, the time of the two watches will be official. If all three watches disagree, the intermediate time will be official.

Upon completion of each distance, the timer will report the time of their stop watch to the referee.

If three timers are used to measure a skater, a majority of those timers must record passing times for the skater to pass the requirements of that distance.

Timers must use stop watches calibrated to 1/10 of a second. Chronograph watches are not acceptable as official time pieces for speed tests.

## **SPEED TEST REQUIREMENTS (continued)**

### **Duties and Responsibilities of a Speed Test Referee**

The referee is responsible for checking the skating surface to be sure it is in proper and safe condition and is properly marked for the test to be skated.

The referee will be responsible for maintaining correct placement of the pylons.

The referee will organize the other officials (judges, timers, starters, etc.) for the test and distribute the judges scoring forms.

The referee will ensure there is no interference with the test skater while he or she is skating the test.

The referee will decide any questions or disputes that may arise during or in connection with the test. The referee may call the judges together to assist or concur in a ruling if the referee deems such action necessary. The referee may ask the test center director to make the final decision.

The referee will submit a written report to the RSA National Office for any act of misconduct by a skater or official.

The referee will ensure that each skater is announced or identified to the judges before skating begins.

The referee will instruct the judges not to discuss a skater's faults or merits until all the skaters' grades have been recorded.

The referee will ensure that the judges sign the test application and write their scores (circling those that are failing totals). The referee will then complete the application by marking it as being passed or failed and signing it in the proper position. In large test centers, the referee may delegate this responsibility to a test center tabulator. However, the referee is responsible for the accuracy of all the work done by the tabulator.

The referee should be on skates and follow the contestants as closely as possible on the inside of the track during the test. It is the duty of the referee to ensure that each test be skated fairly and that all rules and regulations are enforced.

If the referee observes a skater committing a foul, the referee must disqualify that skater.

The referee must hold a valid RSA Speed Commission to officiate at a test center.

It will be the responsibility of the referee to start and finish the candidates' tests.

It will be the referee who verifies the age of a test candidate prior to test being conducted.

4 Lap	1.20		4 Lap	1.12

Upon successful completion of the above Beginner Speed Tests #1-3, skaters will continue their Achievement Test Program with Test #4.

Tests #4 - #8 are listed for 100 meter tracks. To convert times to a different size track, please do the following conversion.

(TIME divided by 100 = X)

(X times track size in meters = New Time)

Example: Test #4 Quad Mens Quad (100 meter time 1.08)

$1.08 / 100 = 0.01$

$0.01 \times 80 \text{ meter track} = 0.80$

**Roller Hockey**

**Achievement Tests**

## ROLLER HOCKEY TEST REQUIREMENTS

The following skills are set up to create a way for an individual to measure his/or her performance in the sport of roller hockey. The skills can be applied to all divisions of hockey.

All tests must be skated in their entirety before any other test is skated. The only exception is when there is more than one skater taking the same hockey test. All the skaters may be judged on one skill before skating the next, and so on.

The tests are set up to create greater accuracy in the individual as one progresses through the test structure. All tests may be taken using a ball or puck. Tests #1 through #4 are set up to increase one's accuracy in skating, dribbling, passing, receiving and shooting. Tests #5 through #8 continue to reinforce the basics learned in the first four tests; and, at the same time create and develop offensive and defensive strategies.

The test courses are designed to be set-up on regulation size floor. The skaters taking tests #1 through #3 will be required to have one partner to assist them in the performance of the tests. The skaters taking tests #7 and #8 will be required to have two partners to assist them in the performance of the tests. The partner's skill will have no bearing on the performance of the test candidate, except if the partner is the cause of errors. Then the official has the authority to ask for another partner(s).

To run a hockey test, the officials required are to be USARS certified Roller Hockey officials and must be in current standing.

No one shall officiate at test of any person who is a relative. No one shall officiate at a test of any person who is a team member or has been a team member during the past three consecutive years. No one who has taken private or class instruction at a skating center may officiate a test of any instructor (professional/coach) from that skating center.

The judge will score each skill with a pass/fail. If the judge requires it, a skater may be asked to repeat (only once) any part of the test. If the test is canceled for any reason, the test fee will be returned to the skater and the 30-day waiting period waived.

All skills required for a test must be skated within one hour to qualify as passing. Skills must be skated in the order printed in this book.

The skater's age must be verified before the test is taken. Skater's age shall be determined by January 1<sup>st</sup>. Age can be verified by birth certificate, driver's license, or any other official means.

Chewing gum, handkerchiefs, hats and other headgear (other than authorized helmets) are not permitted. Candidates may tie back their hair with a ribbon or rubber band type device.

## **ROLLER HOCKEY TESTS**

### **#1 Bronze Hockey Test - cost \$7.00**

#### Dribbling

Skaters ages 13 and above set up 16 pylons, eight down each side of the floor, spaced equally apart, to cover the area between the penalty areas on each end (figure 2). For skaters 12 and under, you will need 10 pylons with five per side.

Skaters 13 and above must dribble the ball/puck through the cones from one end around the goal cage at the other end and back to the beginning in 30 seconds or less. For skaters ages 12 and under the passing time is 40 seconds or less.

#### Passing and Receiving

The skater and his/her partner position themselves one in front and one behind of the Penalty Area. The skater and his/her partner must complete five forehand passes and catches without having to skate after the ball/puck.

#### Shooting

Placing the ball/puck on the penalty spot, the skater must, using ONLY push shots, take two shots in succession on the opposite sides of the goal cage. The skater must repeat this procedure using backhand wrist shots. NO SLAP SHOTS WILL BE ALLOWED!

### **#2 Bronze Hockey Test - cost \$7.00**

#### Dribbling

Skaters ages 13 and above set up 16 pylons, eight down each side of the floor, spaced equally apart, to cover the area between the penalty areas on each end (figure 2). For skaters ages 12 and under, you will need 10 pylons with five per side.

Skaters 13 and above must dribble the ball/puck through the cones from one end around the goal cage at the other end and back to the beginning in 25 seconds or less. For skaters ages 12 and under the passing time is 35 seconds or less.

#### Passing and Receiving

The skater and his/her partner position themselves one in front and one behind of the Penalty Area. The skater and his/her partner must complete five backhand passes and catches without having to skate after the ball/puck.

#### Shooting

Placing the ball/puck on the penalty spot, the skater must take two forehand push shots in the air into opposite sides of the goal cage. The skater must also take two backhand wrist shots in the air into opposite sides of the goal cage. NO SLAP SHOTS WILL BE ALLOWED!

## **ROLLER HOCKEY TESTS (continued)**

### **#3 Bronze Hockey Test - cost \$8.00**

#### Dribbling

Skaters ages 13 and above set up 16 pylons, eight down each side of the floor, spaced equally apart, to cover the area between the penalty areas on each end (figure 2). For skaters ages 12 and under, you will need 10 pylons with five per side.

Skaters 13 and above must dribble the ball/puck through the cones from one end around the goal cage at the other end and back to the beginning in 20 seconds or less. For skaters ages 12 and under the passing time is 30 seconds or less.

#### Passing and Receiving

The skater and his/her partner must be moving down the floor at a distance of 20 feet apart. The skater must pass and catch five forehand passes.

#### Shooting

The skater must be moving parallel to the cage from outside the Penalty Area. The skater must shoot two forehand push shots and two backhand wrist shots to the opposite sides of an open cage. NO SLAP SHOTS WILL BE ALLOWED!

### **#4 Silver Hockey Test - cost \$9.00**

#### Dribbling

Set up 16 pylons, for skaters ages 13 and above, eight down each side of the floor, spaced equally apart, to cover the area between the penalty areas on each end (figure 2). For skaters ages 12 and under, you will need 10 pylons with five per side. Also, a 2x4 board (approximately two feet long) is to be placed on the 2" side edge half way through the course (figure2). The skater must pick the ball/puck up and over the 2x4 while he/she is skating the course. This 2x4 is only used in skaters ages 13 and above. The skater must complete the course in a maximum of 15 seconds. For skaters ages 12 and under, the passing time is a maximum of 25 seconds.

#### Passing and Receiving

The skater and his/her partner must be moving down the floor at a distance of 20 feet apart. The skater must catch and receive five backhand passes.

#### Shooting

The skater must be moving parallel to the cage from outside the Penalty Area. The skater must shoot two forehand slap shots and two backhand slap shots to the opposite sides of an open cage.

## **ROLLER HOCKEY TESTS (continued)**

### **#5 Silver Hockey Test - cost \$11.00**

#### Passing and Receiving

The skater and his/her partner must be moving down the floor at a distance of 30 feet apart. The skater must catch and receive four forehand passes and four backhand passes in one complete trip up and down the floor.

#### Defenses

The skater must defend his/her partner from scoring on an open cage. The skater's partner will be allowed five attempts from which the skater must stop at least two.

#### Offense

The skater must score while his/her partner defends the open cage. The skater will be allowed five attempts from which the skater must score at least two.

#### Shooting

The skater must shoot from the outside of the Penalty Area. A practice board (figure 1) will be attached to the front of the cage. The skater will be allowed four attempts of a forehand push shot, and four attempts of a backhand wrist shot. The skater must score at least two of each shot.

### **#6 Silver Hockey Test - cost \$11.00**

#### Passing and Receiving

The skater and his/her partner must skate up and down the floor once, crossing in the center. The skater must complete three passes in each direction with at least one drop pass in the center when they cross.

#### Defense:

The skater will defend an open cage from his/her partner. The skater's partner will be allowed six attempts from which the skater must stop at least three.

#### Offense

The skater will try to score while the skater's partner will defend an open cage. The skater will be allowed six attempts from which the skater must score at least three.

#### Shooting

The skater must shoot from outside the Penalty Area. A practice board (Figure 1) will be attached to the front of an open cage. The skater will be allowed six attempts from which the skater must score at least three.

## **ROLLER HOCKEY TESTS (continued)**

### **#7 Gold Hockey Test - cost \$15.00**

#### Passing and Receiving

The skater and his/her partner will be skating a figure-8 pattern using ONLY one half of the floor. The skater must catch and receive four forehand and four backhand passes skating forward. Also, the skater must catch and receive four backhand passes while skating backward.

#### Defense

The skater will defend an open cage while his/her partner will be allowed six attempts to score. The skater will then defend an open cage against two partners. The skater's partners will be allowed a total of five attempts to score. The skater must stop at least two.

#### Offense

The skater's partner will defend an open cage. The skater will be allowed six attempts to score. The skater must score at least three. The skater will then have one partner and the skater's other partner will defend an open cage. The skater and his/her partner will be allowed a total of five attempts to score. The skater and his/her partner must score at least two.

#### Shooting

The skater must shoot from 25 feet from the cage. A practice board (figure 1) will be attached to the front of an open cage. The skater will be allowed five attempts of a forehand slap shot, and five attempts of a backhand slap shot. The skater must score at least three of each shot.

# Super Skater

# Program

# SUPER SKATER REQUIREMENTS

Super Skater is a program designed to recognize achievement at the beginner level. Anyone of any age may take this basic skills exam. No previous roller skating skills are required and there are no membership requirements.

At the roller skating instructor's discretion, either one or three judges may be used. All judges must be at least 15 years of age. RSA judge's commissions are not required, but individuals who are judging must have skating knowledge. If three judges are used, a majority will determine if the skater has passed the requirements.

Forms are available from the RSA National Office or on the website at [www.rollerskating.com](http://www.rollerskating.com) in the SRSTA Program section.

## **Super Skater Award Requirements Level I. Cost: \$3.00**

*The skater must perform and pass any three of the five requirements to receive an award pin.*

### **Stopping or Braking**

The skater must stop within 10 feet without falling. In-line: The skater must skate continuously at a comfortable speed make an emergency stop in a straight line by raising the toe of one skate and applying his or her brake. Or the skater may use the traditional "T" stop. Quad: Have the skater point the toe-stop of his or her free skate toward the floor and then let it drag the surface. Or the skater may use the traditional "T" stop.

### **Maneuvering**

Set up 10 cones, 10 feet apart along a straight line 100 feet long. The skater skates at a comfortable speed, weaving in and out of the cones without knocking them down.

### **Forward Crosspulls**

Skaters must perform one repetition in a circle. Use a figure circle or set up cones.

### **Balancing on One Foot**

Skaters must skate a distance of 50 feet, balancing from one skate to the other for a slow count of three on each skate.

### **Limbo**

The skater will perform one pass under the limbo pole without falling or touching the bar. (The height of the bar or pole is to be positioned at the skater's chest).

## **Super Skater Award Requirements Level II. Cost: \$3.00**

*The skater must perform and pass four of the six requirements to receive an award pin and a certificate.*

### **Forward Crossovers (the collegiate straightway)**

Skater does one sequence down or across the rink (six or more crossovers).

### **Backward Scissors**

Skater does one sequence across the rink.

### **Jump**

Skater must perform a two foot jump with a ½ turn revolution.

### **Spin**

Skater does any spin of two or more revolutions.

### **Race**

Skater completes two laps around a speed track in 45 seconds or less.

### **Hockey**

Skater must display a technical skill using the hockey stick.

Complete the Super Skater I and/or II form(s) and send with \$3.00 per test to the RSA National Office. Pins will be mailed upon processing.

\* Super Skater pins may be purchased by the RSA Rink owner/operator or SRSTA coach prior to the Super Skater Test Center and presented on the spot to skaters who pass.

Section 8  
Achievement  
Gold Medal  
Test Centers

## **GOLD MEDAL TEST CENTERS**

### **Gold Medal Test Center Requirements**

Each RSA Section (see *RSA Sections page 75*) may hold two artistic and two speed Gold Medal test centers per fiscal year (June 1 through May 31). Sections may combine to hold joint Gold Medal test centers. The RSA Section Chapter(s) will seek approval from the national RSA office regarding the site, dates, times, and judges for each Gold Medal test center within their section 60 day in advance.

The SRSTA Committee chair must give authorization of the test center 60 days in advance. Judges must be vetted by the RSA 30 days in advance. Once Test Center and Judges are approved, an official letter of approval will be sent via email to the Gold Medal Test Center director.

For the artistic Gold Medal tests, five RSA test judges with No.4 Commissions in the appropriate category are required to judge each test. At least two of the judges must be from panels outside the section in which the Gold Medal test center is being conducted. A Skater must obtain at least the minimum grade from 4 of the 5 judges to pass the test.

For speed Gold Medal tests, the referee-in-charge must measure the track from pylon to pylon to determine that the track measurements conform to official layouts. Any deviations must be corrected before the tests can be skated.

Gold Medal tests may only be skated in sites that have a minimum floor size of 70' x 170' of clear skating surface with no pole obstructions.

Gold Medal tests must be scheduled between 7 AM and 10 PM and must be conducted so that all tests are run with out interruption by lower level tests or competitive skating events. However, speed skating Gold Medal tests may be scheduled separately from the artistic tests for the convenience of the skaters. Skaters must be ready to skate at least one hour prior to their scheduled time.

Skaters must take a Gold Medal test within their own section; or, if their section is included in a joint Gold Medal test center. Skaters may request a waiver from the RSA National Office to skate a Gold Medal test outside their section. The request for a waiver must include specific reasons why the skater should be allowed to skate the Gold Medal test outside his or her section.

The Gold Medal test fee is \$27 per test. In addition to the RSA Fee, the host rink may charge an assessment fee up to \$27 per test above the RSA test fee in order to defray expenses. These test and assessment fees must include ample practice and warm-up for the Gold Medal test skaters on the day of the test. Spectator fees for a Gold Medal test, if any, must be approved by the RSA Sectional Chapter.

### **Duties of the Gold Medal Test Director**

All Gold Medal Artistic Test Center Directors must hold at least two No.4 artistic commissions.

The test director is responsible for obtaining written Gold Medal Test Center approval from the SRSTA Committee Chair 60 days in advance and prior to releasing details of the test center.

The test director must notify all RSA member rinks in the Section(s) of the details of the Gold Medal test center at least 60 days in advance. Correspondence must be addressed to both the operator and coach.

The test director will be responsible for the selection and necessary arrangements for the RSA test judges. The test director will coordinate the judges' transportation and other expenses with the rink operator prior to inviting the test judges.

No later than 30 days prior to the tests, the test director must provide the RSA National Office with the names and panel number of each of the Gold Medal test center judges. The National Office will verify the commissions and current status of each of these judges.

The approximate time schedule for the skating of each test must be submitted to both the skater and coach 10 days before the test. If there are many tests, they may be scheduled by groups.

## **Duties of the Gold Medal Test Director (continued)**

The test director is responsible for submitting all forms and appropriate fees to the RSA National Office within 10 days of the conclusion of the test center. A separate summary sheet must be used for each rink participating in the test center. *The skaters' mailing addresses must also be listed.*

## **Duties and Responsibilities of a Gold Medal Test Center Referee**

The referee is responsible for checking the skating surface to be sure it is in proper and safe condition and is properly marked for the test to be skated.

The referee will organize the other officials (judges, timers, starters, etc.) for the test and distribute the judges scoring forms.

The referee will ensure there is no interference with the test skater while he or she is skating the test.

The referee will decide any questions or disputes that may arise during or in connection with the test. The referee may call the judges together to assist or concur in a ruling if the referee deems such action necessary. The referee may ask the test center director to make the final decision.

The referee will submit a written report to the RSA National Office for any act of misconduct by a skater or official.

The referee will ensure that each skater is announced or identified to the judges before skating begins.

The referee will ensure that, if required, the music is clearly audible and of the proper tempo.

The referee will instruct the judges not to discuss a skater's faults or merits until all the skaters' grades have been recorded.

The referee will ensure that the judges sign the test application and write their scores (circling those that are failing totals). The referee will then complete the application by marking it as being passed or failed and signing it in the proper position prior to giving the forms to the Test Center Director. In large test centers, the referee may delegate this responsibility to a test center tabulator. However, the referee is responsible for the accuracy of all the work done by the tabulator. For Gold Medal tests, the judges do not sign the master test forms. The Test Director will send all necessary forms to the RSA office. The rink copies should be put in an envelope and given to the Host Operator to place in the Rink files. All results are confidential.

For dance tests, the referee will control the order of dances skated as printed in the RSA Achievement Book and is responsible to time or count the repetitions as listed within the dance requirements for the tests.

All American Solo and Team Dance Gold Medal candidates shall skate a maximum of two minutes and thirty seconds. For team tests, only one partner may be judged at a time by a panel of judges. The referee is responsible for planning the warm up of several dances at a time with the candidate, timing the skating period and allowing sufficient rest periods.

All International Solo and Team Dance Gold Medal candidates shall skate repetitions individually warming up a dance then skating the dance. At least one minute rest should be given after skating a dance and warming up the next dance and one minute rest prior to testing/judging. For team tests, only one partner may be judged at a time by a panel of judges. Each test should be completed before starting the next test. The referee will time warm up, rest periods and count repetitions. The Test Center Director and Referee may allow the rest periods if needed for health reasons.

For freestyle tests, the referee will check that the skater has submitted the correct number of copies for his or her proposed routine, determine that there are items of content in accordance with the test to be taken and distribute them to the judges.

## **Duties and Responsibilities of a Gold Medal Test Center Referee (continued)**

For freestyle tests, the referee will ensure that the skater's routine is timed. If the skater goes over the maximum time indicated, that fact and the actual time would be furnished to the judges.

For figure tests, the referee will instruct the skaters to skate the figures in the order they are listed in the RSA Achievement Book.

For figure tests, the referee will instruct each skater as to the figure number, starting edge, and turns only of the figure to be skated. The referee will also verbally direct the skater to begin skating (no whistle or other starting device may be used). The referee may give directions or explanations necessary for the skater to start the figure on the proper foot and edge to skate the figure.

If the skater starts incorrectly, the referee must stop the skater and have the skater start correctly without penalty to the skater's score.

Once the skater starts on the proper foot, into the proper edge, and into the proper circle the referee shall have no further responsibility regarding incorrect turns.

Provided the skater starts on the proper foot and edge, the skater has the option to skate in either direction.

A skater who slips or falls on the initial strike-off may elect to restart one time, without penalty, provided the skater's decision to restart is made during the first one-third of the first circle of the figure.

For figure tests, the referee will stop the skater when the skater has completed two repetitions of the figure. If a skater stops a figure before it is completed, or falls during the skating of a figure, the referee will direct the skater to continue from a point before the skater stopped or fell. If a skater starts correctly but executes an improper turn, or fails to execute a correct figure after a correct start, the referee will not stop the skater but will allow the skater to continue without comment or instruction.

## **Duties and Responsibilities of a Gold Medal Test Center Judge**

RSA test judges must receive a copy of the official RSA Gold Medal Test Center approval letter.

RSA test judges must be thoroughly knowledgeable of the tests they will be judging and conduct themselves professionally at all times. Judges will evaluate each test candidate objectively based upon the requirements of each test.

RSA test judges may advise the skater of his or her performance only after the test is completed and marked. It is suggested that this be done only if the skater's professional or coach requests it. No test official may discuss or release the scores or grades to anyone. Test officials will not discuss or release the comparative standings or test scores of a skater. Achievement Tests are neither competitive nor comparative.

**\* See the Speed Section for information on Gold Medal Speed Test duties**

## **Gold Medal Test Forms**

Each Gold Medal skater must have the following forms submitted:

- ◇ Artistic or Speed Achievement Test Form
- ◇ Judges Scoring Forms
- ◇ Medal Order Form - Medal will be mailed to the Skater's Address on this form so it **MUST** be filled in.

The Gold Medal Test Director must also include the following forms:

- ◇ Achievement Test Summary - submit one Summary form per rink participating.
- ◇ Judges Roster
